Description

All the innovative features of the French shipyard are present in the Bali 4.8 Eagle: a spacious flybridge, solid foredeck with direct saloon access, large garage-style aft door, U-shaped omega beam, and vast storage areas. Eagle offers 4 double cabins, 1 twin cabin with bunk beds, and a skipper's cabin with WC — all equipped with private bathrooms.

Discover the unrivaled appeal of the BALI 4.8—where cutting-edge design meets Catana Group heritage. Building on celebrated innovations like the rigid forward cockpit lounge and sun-pad, the expansive sugar-scoop Experience the BALI 4.8— a 48-footer that reimagines modern cruising. Its sun-soaked forward cockpit lounge, expansive sugar-scoop platform with built-in seating and lockers, and signature oversized coachroof door with sliding windows create an unparalleled open-plan living space. Ingenious interior and aft-deck access to the bow and cabins ensures seamless flow, while an optional six cabin, six-bath configuration delivers yacht-style comfort. Backed by Catana Group's 30-year heritage of performance, safety and craftsmanship

The BALI 4.8 has a fully open-air central nacelle accessible through a huge tilt-and-turn glass door at the rear and a door at the front, allowing you to switch from navigation to lounge mode in the blink of an eye. The large windows provide exceptional natural ventilation and panoramic views. The large, fully retractable galley window allows communication with the forward cockpit. A totally open space with a panoramic view of the sea!

The large galley and the vast chart table are models of ergonomics and comfort. The design is contemporary and warm. A completely open space, bathed in light with a panoramic view of the sea

The cabins where modernity and refinement go hand in hand, are designed for the greatest comfort. Each cabin has a beautiful bathroom with toilet and shower. The Master owner's suite occupies the entire port hull for creating an intimate space.

The best deck equipment and the finest rigging suppliers and manufacturers have brought BALI Catamarans innovative technologies to satisfy the most demanding of yachtsmen.
